PROFESSIONAL SUMMARY

Backend-focused Laravel/PHP developer with 3+ years building production web applications, REST APIs, and third-party integrations (Twilio, payment gateways, OpenAI). Experience spans HRMS platforms, content management systems, and AI-driven automation tools, including independently owning end-to-end delivery on multiple projects. Comfortable working across the stack (PHP, Laravel, CodeIgniter, MySQL) and integrating AI capabilities into production systems.

TECHNICAL SKILLS

Backend: PHP, Laravel, CodeIgniter, OOP design, REST API development

Frontend: HTML, CSS, JavaScript, jQuery, Ajax, Bootstrap

Database: MySQL, query optimization, relational schema design

Integrations & Tools: Git, Postman, Twilio, Payment gateway, Firebase, OpenAI APIs, Apollo APIs

PROFESSIONAL EXPERIENCE

Software Developer — Blockchaindev, Enact Consulting Services, Surat, Gujarat (Remote)

Aug 2024 – Present

- Own backend development on live production systems, building and maintaining REST APIs consumed by web and mobile clients.
- Work independently across the full backend lifecycle, from requirements through deployment, on client-facing projects.

Software Developer — Webwidars Software Solution, Indore

Oct 2023 – Jul 2024

- Delivered role-based management systems and admin panels using Laravel, including access control and subscription handling.
- Integrated third-party payment gateway for subscription billing on a production SaaS-style product.

Software Developer — Sveltose Technologies, Indore

May 2023 – Sep 2023

Internship

- Built and tested backend modules in Laravel for HR management workflows including attendance, salary, and payroll processing.
- Prepared technical documentation and contributed to QA of delivered modules.

Software Developer — Softcaliber, Indore

Jan 2023 – Apr 2023

Internship

- First professional exposure to production Laravel codebases; supported module development, testing, and bug fixes under senior guidance.

KEY PROJECTS

AI Calling Agent — PHP, Laravel, OpenAI, Twilio, Apollo

- Built an AI-driven outbound calling agent that initiates automated calls and conducts real-time voice conversations using speech recognition and generative AI responses.
- Owned the entire backend independently: call management APIs, conversation logging, and workflow automation.
- Integrated Apollo to automatically fetch targeted prospect contacts and synchronize them into the calling pipeline.
- Implemented scheduled outreach workflows that automatically initiate AI-powered calls and send personalized follow-up emails based on predefined schedules and campaign rules.

Medendx HRM System — Laravel 10

- Designed and built role-based APIs controlling access to sensitive employee data across the HRM platform.
- Led delivery of this module alongside a junior developer, reviewing work and coordinating scope.

Recitepro — Content Management System — Laravel 10.8

- Built a multi-module CMS (categories, users, content, reciters, transactions) powering both a mobile app and public website.
- Designed the admin workflow linking audio content to structured metadata for consistent cross-platform display.

Online Editor Platform — *PHP, Smarty*

- Delivered an online code editor with AI-assisted editing, subscription billing via PhonePe, and role-based account management — owned end-to-end independently.

Playschool Management System — *PHP, CodeIgniter*

- Built admission, fee payment, receipt generation, and multi-branch management modules to digitize a manual enrollment process.

Profisc HRM — *Laravel 10.10*

- Developed attendance, salary, and payroll modules for a multi-employee HR platform, with documentation and test coverage for each module.

Task Management System — *Laravel, MySQL, Yajra Datatables*

- Built a role-based task tracker (user vs. admin views) with activity logging, form validation, and paginated listings for scale.

EDUCATION

MCA — Shri RGP Gujarati Professional Institute, Indore (Jul 2022 – Jun 2024)

BSc — Swami Vivekananda College, Sarangpur (Dist. Rajgarh)

12th & 10th — Pachore, Dist. Rajgarh (MP)
